## President's Message

Members,

I hope everyone is enjoying this mild summer we are having. The cool breezes in the evening have been wonderful and a little strange for Texas in July. I know many of you have experienced more than your share of rain and flooding and associated problems but I hope everyone has come through okay. With all of the weather related issues over the last few years, the Records Management Workshop planned for August 1<sup>st</sup> is very timely. The Workshop will be hosted in the City of Allen and administered by the Texas State Library and Archives Commission. The topics will cover Retention Schedules, Disaster Planning, and a review of the proposed State Retention Schedules with a question and answer session. I hope that you can

make time to attend or send someone from your office. Unfortunately, I will not be able to attend because I will be on vacation that week. I hate to miss not only the workshop, but also our business meeting with a lot of important items. We will be hearing from the nominating committee presenting the slate of officers and we will also have the 2007-2008 budget presented. If you can't attend the workshop, I hope you will at least make plans to attend the meeting. I will be back for our September meeting and that will be our second Roundtable discussion. Please be thinking about some topics that you would like to discuss.

Have a great workshop and meeting –and a big thank you to Carole, Gayle, Shelley, and others who have helped coordinate the workshop. I know it will be successful.

Aimee Nemer  
Lone Star Chapter President
